

2025 Water & Wastewater/Stormwater Rates

Hamilton City Council has adopted a combined 9.95% increase to the water and wastewater/stormwater rates. The following rates based on metered water consumption are effective January 1, 2025:

	2024	2025	Increase
Water Fixed Charge (daily for meters < 25mm)*	\$0.48	\$0.53	\$0.05
Consumption Charge Block 1 (0-10 cubic metres/month)	\$1.07	\$1.17	\$0.10
Consumption Charge Block 2 (>10 cubic metres/month)	\$2.13	\$2.34	\$0.21
Wastewater/Stormwater Fixed Charge (daily for meters < 25mm)*	\$0.52	\$0.57	\$0.05
Treatment Charge Block 1 (0-10 cubic metres/month)	\$1.08	\$1.19	\$0.11
Treatment Charge Block 2 (>10 cubic metres/month)	\$2.15	\$2.37	\$0.22

Water, Wastewater and Stormwater budgets contain fixed costs that are not related to how much water is used.

*Rate is for a 15-21 mm meter which most residential homes have installed.

ANNUAL INCREASE

The average water, wastewater and stormwater residential bill increase is

\$8.01 / MONTH OR **\$96.10** / YEAR

based on an average household with a meter size < 25mm consuming 200 cubic metres of water annually.

TYPES OF CHARGES

Consumption Charges

The cost of water used, which is based on a charge per cubic metre (m³). One cubic metre is equal to 1,000 litres or 220 imperial gallons.

Treatment Charges

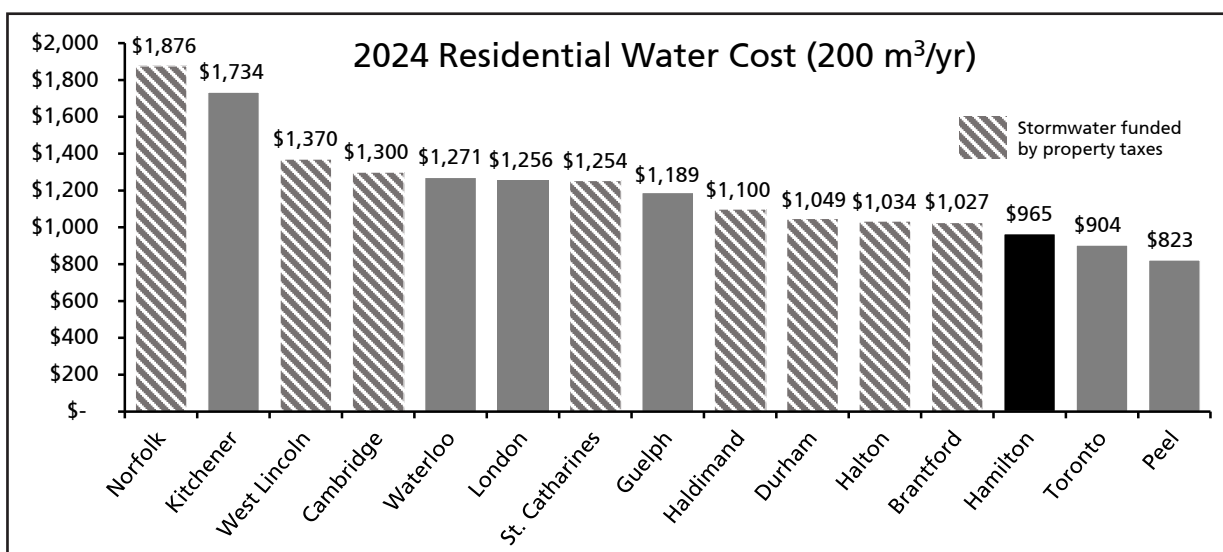

Charges are based on your water consumption and cover the cost of wastewater collection/treatment & stormwater management. Charges are based on your per cubic metre water use.

Fixed Charges

A fixed charge applies even if you haven't used any water. Fixed costs include meter reading, billing, customer service, meter repair, capital debt financing costs & providing the public fire protection system.

HAMILTON'S water and wastewater/stormwater residential costs are among the lowest in Ontario.
