

# New water and wastewater rate effective April 1, 2025 - \$5.1147/m<sup>3</sup>

Residents only pay a rate per cubic meter for water they use. The rate consists of 4 components:

- Region Wholesale Rate** – Pays for clean, filtered drinking water and wastewater treatment services from York Region
- Non-Revenue Water** – Water lost through watermain breaks and operational usage
- Operating Expenditures** – Operation and maintenance of Markham's local water and wastewater systems
- Reserve Contributions** – Looking ahead 25 years to set aside funds for Local system replacements and rehabilitations

The 2025 increase is 3.05%, which represents an increase of \$31.51 for the average Markham home.
